

MERCH

Merch is a design and branding shop which caters and extends a communication identity to business and cultures via visual design merchandise and collateral relevant to current design aesthetics. Apart from offering end to end design packaging solutions to power the extension of brands, Merch via design also takes an opinion on trending matters in the urban youth space making short and long format design content.

SLF Media Pvt. Ltd.

CONTENT | TALENT | SOLUTIONS

www.slf-media.net

SLF Media is a new media company which is an ecosystem built around content, talent and solutions covering the urban-Indian youth culture. Apart from lending its own voice within this space, it creates unique opportunities in the form of content franchises for brands and marketers to target relevant consumers in a contextual format, claiming a takeover on sub-cultures relevant to the urban youth demographic.

The SLF Media offers services across the following verticals to funnel its operations:
